Merry Christmas, a Happy New Year and a bright future

Christmas is almost knocking on our doors and that means that another year has passed. Time to look back and to reflect.

In 2015 we had our ups and downs. On the one hand, when only focusing on revenue, it was a bit disappointing. On the other hand we have achieved a lot.

Our focus was on new large projects mainly for our supply chain management in the automotive sector and that is exactly where we scored. We wanted to attract new highly experienced and talented people and that is what we did.

We are proud in what we achieved and we will continue to meet our objectives, together with our team in Nördlingen and Stuttgart, together with our customers and together with all other people involved.

I wish you all a Merry Christmas, a Happy New Year and a bright future.
