

PRESS RELEASE

Zwolle, 12 April 2016

RoodMicrotec: annual report not yet fully completed

So far, the work relating to the annual report 2015 is progressing satisfactorily. However, various circumstances, including the transfer of proceedings, have caused some delay which resulted the preparations to start later than usual. Since we value a highly accurate presentation of the results and the notes thereto, we have decided to postpone the publication of the annual report to 26 April 2016. The Annual General Meeting will therefore also be postponed to 7 June 2016.

About RoodMicrotec

With more than 45 years' experience as an independent value-added service provider in the area of micro and optoelectronics, RoodMicrotec offers Fabless Companies, OEMs and other companies a one-stop shop proposition. With its *powerful solutions* RoodMicrotec has built up a strong position in Europe.

Our services comply with the industrial and quality requirements of the high reliability/space, automotive, telecommunications, medical, industrial and electronics sectors.

Certified by RoodMicrotec concerns inter alia certification of products to the stringent ISO/TS 16949 standard that applies to suppliers to the automotive industry. The company also has an accredited laboratory for test activities and calibration to the ISO/IEC 17025 standard.

Its value-added services include supply chain management and total manufacturing solutions with partners, failure & technology analysis, qualification & burn-in, test & product engineering, production test (including device programming and end-of-line service), ESD/ESDFOS assessment & training and quality & reliability consulting.

RoodMicrotec has branches in Germany (Dresden, Nördlingen, Stuttgart), United Kingdom (Bath) and the Netherlands (Zwolle).
