Zwolle – 02nd August 2018

PRESS RELEASE

RoodMicrotec ends the first half of 2018 with a positive net result

- **Positive net result of 276 k€ and gross margin of 83% in the first half 2018**
- **Significant growth in Test Operations and Supply Chain Management units**
- **Book-to-bill ratio maintained consistently at a level above one**

RoodMicrotec N.V., the leading independent company for semiconductors supply and quality services, achieved a positive net result of 276 k€ for the first half-year of 2018. The gross margin also was maintained at a consistent high level of 83%. The strongest leading indicator for future business growth, the book-to-bill ratio, is stable at above one. Sales increased in the first half-year by 17 percent year-on-year, especially in the areas Test Operations and Supply Chain Management.

“We are very pleased with our performance so far and proud to report a positive net result for the first-half of 2018. This demonstrates that RoodMicrotec’s strategy as well as the commitment of our employees continues to drive the company’s future growth. It is very encouraging to see positive changes throughout the company and how this translates to continued double-digit growth in sales. The significant increase in both, Test Operations and Supply Chain Management, is a clear indication that our strategy to secure long-term engagements is very successful”, says Martin Sallenhag, CEO of RoodMicrotec.
